The Government of India through Ministry of Tribal Affairs has launched a scheme called "Mechanism for marketing of Minor Forest Produce (MFP) through Minimum Support Price (MSP) and development of Value Chain for MFP" during 2013-14 to ensure fair returns to the forest dwellers for the produce collected by them from the forests. The Scheme is applicable on those MFPs which are non-nationalized or are not under the monopoly system of procurement by the States. The intent behind these provisions is to ensure competition at the market place where State Agencies are available to purchase designated MFPs, in case the prices fall below MSP. In case market price is more than MSP, then private trade can purchase the same in open market. In this way, the 10 MFPs covered under the scheme in 8 States can be sold in the open market by forest dwellers.
